

Tariff Order Form
Purchase Price and Maintenance Fees

Commission-published Tariff 15-A names the rates, charges, and governing rules for the transportation of household goods between points in the state of Washington (Washington intrastate traffic). Under the provisions of Title 81.80 RCW (State Law) and Chapter 480-15 WAC (Commission rules), household goods carriers must purchase and maintain copies of Tariff 15-A. Companies must be kept, subject to public inspection, in your main office and in each billing office.

Household goods carriers must purchase the tariff and pay annual maintenance fees. Maintenance fees pay for amended pages mailed to you throughout a calendar year. Maintenance fees are calculated based on the month in which they are paid. See the chart below to determine the appropriate tariff purchase and maintenance fees to be paid with your order.
